THE
PROSPECT
OF A
HEALTHIER
TOMORROW

Weekly Summary

Highlighting this past week's event with useful tips and suggestions

Highlights on COVID-19

As you are aware, the first units of the COVID-19 vaccine began to be administered for frontline healthcare workers. Plans are being made at this time to expand to other essential workers within healthcare, not based in hospitals. This is a major, and fluid undertaking and will take some time.

At Prospect, we recognize that national and local guidelines are rapidly changing. To help streamline information we encourage you visit your local county public health website.

Thank you all for your dedication in caring for our members during these difficult times. Prospect is committed to the safety and well-being of our members, providers, staff, and all stakeholders. Please be assured that Prospect is here to help support you and your patients.

Thank you for your continued partnership with Prospect Medical. Questions can be addressed with your Network Manager, e-mail ProviderInfo@prospectmedical.com or calling (800) 708-3230, prompt 1 for Providers.
